

ALLEN & OVERY

Want to make a big splash?

Monday 25 - Friday 29 June 2012

We're inviting Year 12 students from across London to spend a week at the City offices of one of the world's biggest law firms, as part of the **Allen & Overy Smart Start Experience**.

You'll take part in team challenges and tasks and find out what working in business is really like. Through a series of workshops where you will learn skills such as analysing, negotiation and presentation, you will enhance your prospects for a career in the business world.

You don't need to be studying business or law, you just need to be enthusiastic about learning new skills. If you're interested, ask your form teacher for more details.

Please ask your teacher for an application form and return to her/him no later than Wednesday 1 February 2012.
